Question: What are the best features of this course?

Response Rate: 100.00% (1 of 1)

1 I love the whole vibe, great professor and a fun topic to learn about!

Question: Do you have any suggestions for improvement of the course?

Response Rate: 100.00% (1 of 1)

I think more activities! Lecture heavy courses are easy to zone out and/or get lost. I think more visual or hands on learning would be interesting! More activities that are fun/visual/hands on could help with class content. This course is dense so more activities would be fun and lightening. I think I could have grasped the concepts more if this was the case.

Question: Do you have any additional comments on this course and/or the instructor?

Response Rate: 100.00% (1 of 1)

1 Love your class and your vibe! (the biology professors are just jealous)
