4. Comments:

4.1) Please identify what you perceive to be the real strengths and weaknesses of this teaching assistant and course.

- Brittany is an amazing TA who did all she could to answer my questions and was great at communication. Her discussions were very helpful and she is friendly making me comfortable to ask questions and be present. She presented herself in a real light and I appreciate her for going the extra mile :)
- Brittany is an incredible TA. It was a pleasure being in her discussion section because she was always extremely helpful and engaging. Brittany expanded her time with helping us even outside of the discussion section and made reasonable accommodations considering the concerning events occurring at the moment.
- Brittany was by far the best TA I have had at UCLA. She integrated the course material while being very engaging. She cared about the students and their mastery of the course. I encourage anyone to have her as a TA. She is very knowledgeable and a very good outlet in higher education.
- Great TA!
- TA Florkiewicz is one of the few best TAs I had. She has a great understanding of the material and what we need to know for the class. She puts in so much hard work and effort to make sure students understand the material. On top of that, her communication skills as a TA is really great because she responds as soon as possible, constantly updating students on anything new with the class, and is always supportive of students. She also makes really organized discussion notes that I find really helpful, and on top of that, she creates additional notes/guides/practice problems so students have more resources to understand. Overall, a great TA !
