Question:	**What are the best features of this course?**
Response Rate:	62.50% (**5** of **8**)

1	We prepared items that will come in handy when applying for grad school. I have a better understsnding of the application process and how I'm proceeding after Lyon.
2	The best features was definitely looking into graduate school and getting a clear idea of what they expected for applications and how to write different types of resumes and personal statements.
3	The best feature in this class is being able to have the whole psych department teach us in one 1 semester as a final wrap up of for almost finishing the psych degree requirements. I enjoy seeing them in a class that it not super serious and a little more laid back. I like having the comfort of being able to talk with my professors as regular people and not just professors. This class also let me figure out what path I want to take after graduation.
4	Teaches you a lot about the next steps after school
5	I loved that we were able to complete required tasks at our own pace. With this being the last semester, I've been so busy and appreciated being able to pick when I completed requirements within the given due dates.

Question:	**Do you have any suggestions for improvement of the course?**

1	This class is amazing. Maybe add in a 1 on 1 session to discuss what your goals are after graduation and helping with the steps to achieve that goal.

2	Nope.
