Question: What are the best features of this course?

Response Rate: 80.00% (8 of 10)

- 1 The teacher is amazing and clearly knows what she is teaching to us. I like how we have discussion boards due after each topic. 
- 2 The professor was knowledgeable and very enthusiastic about the subject material. 
- 3 The professor is very expressive with her teaching. It makes the classroom feel more lively. 
- 4 The notebook assignments throughout the course are an excellent way to prepare students for the final projects 
- 5 I loved getting to learn a kind of new information on different types of animals. 
- 6 I feel as though I understand animals in a better way and I'm so grateful for that 
- 7 I absolutely loved the field notebook and animal project throughout the semester! I feel like it really helped me learn through true practice. 
- 8 Bird Bingo! 

Question: Do you have any suggestions for improvement of the course?

Response Rate: 50.00% (5 of 10)

- 1 Nope 
- 2 Nope. 
- 3 No suggestions 
- 4 I would suggest giving students examples of how you want the essays to be constructed. Obviously, this was the first time this course was offered, so I would maybe show an example to the students if the class were to be taught again. 
- 5 I think that more assignments for points should have been distributed throughout the semester rather than most of it coming at the end. For the field notebook and final paper requiring check ins or drafts for points might help.
